2. Acceptance, Integration, Amendment and Interpretation

- (a) Any performance by Seller shall constitute complete Contract acceptance. The parties agree that a signed acknowledgement is not a condition precedent to the Contract enforceability by either party.
- (b) Any terms proposed in the acceptance of the Contract that add to, vary from, or conflict with the Contract have no effect.
- (c) The Contract integrates, merges and supersedes any prior offers, negotiations and agreements concerning the subject matter, and constitutes the entire agreement between the parties. Seller represents that, in entering the Contract, it does not rely on any previous oral or implied representation, inducement, or understanding of any kind. The Contract shall not be varied, supplemented, qualified or interpreted by any prior course of dealing, usage of trade or course of performance between the parties and shall be interpreted without regard to which party drafted or is deemed to have drafted the Contract.

- (d) The Contract may be amended or modified only by a written instrument executed by each party's authorized representatives.
- (e) The Contract is governed by and interpreted under the laws of the State of California, excluding California's conflict or choice of law rules. The rights and remedies in the Contract are cumulative with, and in addition to, all other or further rights and remedies provided in law or equity, except as otherwise expressly provided elsewhere in the Contract.
- (f) If any of the provisions are found to be invalid, the remaining provisions shall not be affected, and the Contract shall be interpreted as if not containing such provisions. All headings and numbering are for administrative convenience only and shall not be used to interpret the Contract.

3. Assignment; Subcontracting or Delegation

Seller may not assign, subcontract or delegate any of its rights, interest or performance, in whole or in part, voluntarily or by operation of law, without obtaining Buyer's prior written consent. Buyer may assign all or a portion of its rights, duties and obligations under the Contract or the Contract itself in whole or in part to any third party or successor contractor pursuant to the requirements under Buyer's customer contract.

4. Changes

- (a) Buyer may at any time, by written order, make changes to the Contract. If any such change causes an increase or decrease in the cost of, or the time required for, performance of the Contract, Buyer shall make an equitable adjustment in the Contract Price, the performance or delivery schedule, or both, and shall so modify the Contract. If Buyer changes the Contract performance or delivery date(s) such that Seller is required to work overtime, Buyer shall pay therefor an amount equal only to Seller's actual additional labor costs occasioned by such overtime.
- (b) Buyer's engineering and technical personnel may from time to time render assistance or give technical advice or discuss or exchange information with Seller's personnel concerning the Contract Work. Such actions, however, shall not be deemed to be a change under this Changes paragraph and shall not be the basis for any equitable adjustment. Only an authorized representative of Buyer's Purchasing Department may change the Contract.
- (c) Within 20 days from the date of receipt of any written change order, Seller shall submit to Buyer a detailed written estimate of the impact of the change on the Contract Price, the performance or delivery schedule, and the performance capabilities of any Contract Work. Upon receipt of this estimate, Buyer shall begin good faith negotiations with Seller to determine an equitable adjustment to the Contract.
- (d) The failure of the parties to agree to any equitable adjustment shall be a dispute under the Disputes paragraph of the Contract. Nothing in this Changes Clause, however, shall excuse Seller from proceeding with diligent performance of the Contract as changed.

5. Compliance with Conflict Mineral Requirements

- (a) Seller certifies that, regardless of whether Seller is publicly traded or not, Seller will notify Buyer in writing if Seller provides any Contract Work containing or using Conflict Minerals from Covered Countries, as those terms are defined by and consistent with the Securities and Exchange Commission's final rule on Conflict Minerals, 17 CFR Parts 240 and 249(b), promulgated pursuant to Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. ("the Rule"). This written notification shall comply with all SEC Conflict Minerals disclosure requirements defined in the aforementioned Rule.
- (b) Seller certifies and warrants that Contract Work that has been or will be delivered to Buyer by Seller under the Contract since January 31, 2013, shall comply with all parts of the Rule.
- (c) Seller agrees that, if required by the Rule, it has made, and will continue to make, good faith inquiries reasonably designed to determine whether any Conflict Mineral that is included in any product delivered to Buyer pursuant to the Contract originated in the DRC or an Adjoining Country, or is from Recycled or Scrap Sources, as defined in the Rule. Seller further agrees that, if required by the Rule, it has performed, and will continue to perform, due diligence on the source and chain of custody of any Conflict Mineral that is included in any product delivered to Buyer for the Contract, and that such due diligence conforms to a nationally or internationally recognized due diligence framework, if such a framework is available for the Conflict Mineral. Seller agrees that all inquiries and diligence performed shall be consistent with the requirements of the Rule.
- (d) Seller agrees that it shall require its own subcontractors and Seller (at any tier in the supply chain for a product delivered to Buyer under the Contract) to furnish information to Seller necessary to support Seller's obligations under this Clause.
- (e) Seller will maintain records reviewable by Buyer to support its certifications above.
- (f) Seller acknowledges that Buyer may utilize and disclose Conflict Minerals information provided by Seller in order to satisfy its disclosure obligations under the Rule.
- (g) If Buyer determines that any certification made by Seller under this Clause is inaccurate or incomplete in any respect, then Buyer may terminate the Contract pursuant to the provision of the Contract named "Default; Termination for Cause."

6. Compliance with Ethics

Seller shall comply with the General Dynamics' *Standard of Business Ethics and Conduct*, which can be found at www.nassco.com, or alternatively, equivalent business ethics and conduct standards of Seller. In this respect, Seller has an ethical obligation and legal responsibility to warn Buyer of any illegal conduct, or acts of impropriety Seller discovers, or reasonably should have discovered, in the course of performing the Contract Work. Seller shall defend, indemnify and hold Buyer harmless from any and all claims and liabilities resulting from noncompliance.

7. Compliance with Law

Seller shall fully comply with all applicable local, state, and federal laws, orders, rules, regulations and ordinances. Seller shall procure all licenses and permits and pay all fees and other required charges. Seller shall comply with all applicable guidelines and directives of any local, state, or federal governmental agency. Seller further warrants that all Contract Work complies fully with applicable Occupational Health and

Safety legislation, as amended, and the related regulations to the extent applicable. Seller certifies that it has an affirmative action policy ensuring equal employment opportunity without regard to race, color, national origin, sex, age, religion or handicap and that it maintains no facilities segregated on the basis of race, color, religion or national origin. Seller certifies that it is in compliance, and shall at all times remain in compliance with all applicable anti-corruption and anti-bribery laws, including without limitation to the U.S. Foreign Corrupt Practices Act of 1977, as amended. **Seller and its Suppliers shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified protected veterans and qualified individuals on the basis of disability, and require affirmative action by covered prime contractors and subcontractors to employ and advance in employment qualified individuals with disabilities and qualified protected veterans.** Seller shall defend, indemnify and hold Buyer harmless from any and all claims and liabilities resulting from noncompliance under this clause.

8. Confidentiality of Data and Information

Information furnished by Buyer and identified as “NASSCO Proprietary/Trade Secret Information” or otherwise identified as subject to restricted access or dissemination shall be and remain property of Buyer; shall not be duplicated, used or disclosed to third parties except for the purpose and to the extent necessary for the Contract performance; and upon Contract completion, shall be delivered to Buyer or destroyed by Seller as Buyer specifies (including all copies). Seller shall take all reasonable precautions to maintain in confidence all such information, including the imposition upon any person, firm, or corporation to whom disclosure of such information is made in the course of Contract performance of conditions relating to the confidential treatment thereof to the same effect as those imposed upon Seller herein. The obligations imposed upon Seller herein shall not apply to such information that is already known to Seller, is lawfully obtained or obtainable by Seller from another source, is or comes into the public domain other than as a result of breach of this Confidentiality of Data and Information Clause. Absent contrary instructions, Seller shall destroy all NASSCO proprietary or confidential information within one (1) year after termination or completion of the Purchase Order or Contract, and provide a written acknowledgement to the Buyer of such destruction.

9. Counterfeit Electronic Parts Prevention

The following clause applies when Seller is providing Contract Work with Electronic Parts.

(a) Definitions:

(1) Authentic – shall mean (A) genuine; (B) purchased from the OEM, OCM or through the Authorized Dealers of the OEM or OCM; and (C) manufactured by, or at the behest and to the standards of, the manufacturer that has lawfully applied its name and trademark for that model/version of the material.

(2) Authorized Dealer – A dealer or distributor that purchases directly from the OEM or OCM and is authorized or franchised by the OEM or OCM to sell or distribute the OEM’s/OCM’s products.

(3) Counterfeit Electronic Part – An unlawful or unauthorized reproduction, substitution or alteration that has been knowingly mislabeled, misidentified, or otherwise misrepresented to be an authentic, unmodified Electronic Part from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized aftermarket manufacturer. Unlawful or unauthorized substitution includes used Electronic Parts represented as new, or the false identification of grade, serial number, lot, number, data code, or performance characteristics. This definition includes end items, components, subcomponents, parts, or assemblies that contain them.

(4) Electronic Part – An integrated circuit, a discrete electronic component (including, but not limited to, a transistor, capacitor, resistor, or diode) or a circuit assembly, and also includes embedded software or firmware.

(5) Non-Franchised Source – Any source that is not authorized by the OEM or OCM to sell its product lines. Non-Franchised Sources may also be referred to as brokers or independent distributors.

(6) Obsolete Electronic Part – Any Electronic Part that is no longer in production by the OCM or OEM or an aftermarket manufacturer that has been provided express written authorization from the current design activity or OCM or OEM.

(7) OCM or OEM – An organization that designs and/or engineers a part or equipment and is pursuing or has obtained the intellectual property rights to that part or equipment.

(8) Suspect Counterfeit Electronic Part – An Electronic Part is no longer in production by the OCM or OEM or aftermarket manufacturer that has been provided express written authorization from the current design activity or OCM or OEM. A Suspect Counterfeit Electronic Part also includes any Electronic Parts that Buyer becomes aware, or has reason to suspect, through credible evidence (including, but not limited to, visual inspection or testing) provides reasonable doubt that the Electronic Part is Authentic. If any individual part from a lot is determined to be counterfeit or suspect counterfeit, the entire lot of parts will be considered to be suspect counterfeit.

(b) Terms and Conditions:

(1) Seller represents and warrants that only new and Authentic materials are used in Contract Work delivered to Buyer and that the Contract Work delivered contains no Counterfeit Electronic Parts. No material, part, or component other than a new and Authentic part is to be used unless approved in advance in writing by the Procurement Representative. To further mitigate the possibility of the inadvertent use of Counterfeit Electronic Parts, Seller shall only purchase Authentic parts/components directly from the OEMs, OCMs or through Authorized Dealers of the OEM/OCM. Seller represents and warrants that all parts/components delivered under this Contract are traceable back to the OEM/OCM. Seller must maintain and make available to Buyer, at Buyer’s request, OEM/OCM documentation that authenticates traceability of the parts/components to the applicable OEM/OCM. Purchase of parts/components from Non-Franchised Sources is not authorized unless first approved in writing by Buyer. Seller must present complete and compelling support for its request and include in its request all actions to ensure the parts/components thus procured are legitimate parts. The Procurement Representative’s approval of Seller’s request(s) does not relieve Seller’s responsibility to comply with all Contract requirements, including the representations and warranties in this paragraph.

(2) Seller shall maintain a documented system (policy, procedure, or other documented approach) that provides for prior notification and the Procurement Representative’s approval before parts/components are procured from sources other than OEMs/OCMs or the OEM’s/OCM’s Authorized Dealers. Seller shall provide copies of such documentation for its system for Buyer’s inspection upon Buyer’s request.

(3) Seller must maintain an acceptable Counterfeit Electronic Part detection and avoidance system that complies with DFARS 252.246-7007 (Contractor Counterfeit Electronic Part Detection and Avoidance System) and SAE standard AS5553, *Counterfeit Electronic Parts, Avoidance, Detection, Mitigation, and Disposition*.

(4) If it is determined that Counterfeit Electronic Parts or Suspect Counterfeit Electronic Parts were delivered to Buyer by Seller, the Suspect Counterfeit Electronic Parts will not be returned to Seller or the supplier. Buyer reserves the right to quarantine any and all Suspect Counterfeit Electronic Parts it receives and to notify the Government Industry Data Exchange Program ("GIDEP") and other relevant government agencies. Seller shall promptly reimburse Buyer for the full cost of the Suspect Counterfeit Electronic Parts and Seller assumes responsibility and liability for all costs associated with the delivery of Suspect Counterfeit Electronic Parts, including, but not limited to, costs for identification, testing, and any corrective action required to remove and replace the Suspect Counterfeit Electronic Parts. The remedies in this Clause shall apply regardless of whether the warranty period or Guaranty Period has ended, and are in addition to any remedies available at law or in equity.

(5) If the procurement of materials under this Contract is pursuant to, or in support of, a contract, subcontract, or task order for delivery of goods or services to the Government, the making of a materially false, fictitious, or fraudulent statement, representation or claim or the falsification or concealment of a material fact in connection with this Contract may be punishable, as a federal felony, by up to 5 years' imprisonment and/or substantial monetary fines. In addition, trafficking in counterfeit goods or services, to include military goods or services, constitutes a federal felony offense, punishable by up to life imprisonment and a fine of fifteen million dollars.

(6) Seller shall flow the requirements of this Clause ("Counterfeit Electronic Parts Prevention") to its Suppliers at any tier who render performance or supplies to be used in support of this Contract, even if Seller itself or its Suppliers are (i) exempt from Cost Accounting Standards; (ii) are a small business; or (iii) offer commercial items for Electronic Parts or assemblies containing Electronic Parts.

(7) Seller agrees to provide records, including traceability records, to Buyer to substantiate Seller's compliance upon Buyer's request. Seller agrees to cooperate in good faith in the event Buyer or Buyer's customers have a need to audit Seller's compliance.

Seller agrees to maintain all necessary records related to Seller's compliance with this Clause for a minimum of 10 years after the Contract Work has been delivered.

10. Deliveries of Contract Work

(a) Deliveries are to be made both in quantities and on dates specified in the Contract.

(b) Buyer may refuse delivery or return Contract Work at Seller's expense when Contract Work is delivered more than 30 days in advance of the specified delivery date without the Procurement Representative's prior written consent. The Risk of Loss remains with the Seller for Contract Work delivered more than 30 days in advance of delivery date, or in amounts that are not in compliance with the Contract, unless approved otherwise by the Procurement Representative.

(c) Buyer will not pay for, or return to Seller, any Contract Work that is delivered in excess of the quantity specified unless prior written consent and acceptance is given by the Procurement Representative.

(d) Seller is advised that NASSCO is a C-TPAT (Customs-Trade Partnership Against Terrorism) certified company. If Seller deliveries are full (sealed) containers from countries outside the U.S., Seller is requested to execute a NASSCO Supplier 'Supply Chain Security Terms and Conditions' document and conform to U.S. C-TPAT security procedures in order to facilitate expedited U.S. Customs processing. Bulk type deliveries in open containers are excluded.

11. Disputes

(a) Unless there are exigent circumstances and/or the imminent disclosure of information required to be protected pursuant to the Confidentiality Clause of the Contract is evident, any dispute between Buyer and Seller arising out of the Contract shall be resolved by means of the following procedure.

(b) The parties will attempt in good faith to settle any dispute arising under or related to the Contract. The parties will attempt to resolve the dispute at the lowest practicable level for a reasonable period of time, but in no event longer than 6 months. If the representatives cannot resolve the dispute, they will refer the matter to appropriate levels of their respective management teams.

(c) Any dispute arising solely in connection with or arising out of the Contract not resolved in accordance with paragraph (b), above, and after the parties have exhausted the informal dispute resolution process, shall be finally settled by litigation in the U.S. District Court for the Southern District of California. THE PARTIES HEREBY CONSENT TO SUCH EXCLUSIVE JURISDICTION AND VENUE FOR ANY DISPUTES. TO THE EXTENT PERMITTED BY APPLICABLE LAWS, THE PARTIES EACH WAIVE ANY RIGHTS WHICH EITHER MAY HAVE TO A TRIAL BEFORE A JURY OF ANY DISPUTE ARISING FROM, OR RELATED TO, THE CONTRACT. THE PARTIES FURTHER STIPULATE AND CONSENT THAT ANY SUCH LITIGATION BEFORE A COURT OF COMPETENT JURISDICTION SHALL BE NON-JURY. The parties may also agree to arbitrate if they so desire. In resolving any dispute under the Contract, each party shall bear its own attorneys' fees and costs and expenses, without regard to any law or statute to the contrary.

(d) Seller shall bring any and all disputes under or related to the Contract within 2 years after the cause of action for such dispute arises.

12. Export Control Compliance and Cooperation

Seller shall comply with the Export Administration Regulations (15 CFR 730—774) and the regulations issued by the Office of Foreign Assets Control (31 CFR Chapter V), all other applicable laws, regulations and orders that control the export of commercial and dual-use items and associated technology. In addition, Seller shall inform Buyer in writing of the name and citizenship of each employee of Seller and Seller's subcontractors at any tier who will participate in the performance of the Contract at Buyer's facilities who is not a United States citizen or lawful permanent resident and the name and address of each subcontractor at any tier who will participate in such performance that is not organized under the laws of any state of the United States. Seller shall cooperate fully with Buyer in applying for any export license or approval, which may be required for any such employee or subcontractor and in justifying and documenting any license or approval exception. Seller shall not permit any such employee or subcontractor to participate in the performance of the Contract over Buyer's objection based on noncompliance with

this Export Control Compliance and Cooperation paragraph. Furthermore, all information from Seller that is provided to Buyer and that is controlled by U.S. Export Control Laws and/or regulations of the country of origin shall be appropriately labeled by Seller to prevent unauthorized disclosure.

13. Force Majeure

Either party shall provide written notice to the other party of a Force Majeure event no later than 15 days after such first party has reason to know of the existence of the Force Majeure event and include any estimated impact on performance or delivery schedule. The party claiming a Force Majeure shall provide updates every 3 days to report the status when such event continues for a period that exceeds 3 days from the start of the impact. The parties will meet and confer in good faith with respect to termination or equitable adjustment of the Contract in the event a Force Majeure continues for 180 consecutive days or more.

14. Gratuities and Kickbacks

Seller is prohibited from offering any gratuities (in the form of entertainment, gifts or otherwise) or kickbacks to Buyer or its employees or agents with a view toward securing favorable treatment under the Contract or for future business opportunities. Seller shall ensure that the substance of this clause is flowed down to its own contractors and vendors. Seller also agrees that it shall promptly report to Buyer's General Counsel any solicitation request for a kickback. Seller's breach of this clause shall be considered a material breach of the Contract and of all other contracts between the parties.

15. Indemnity

Seller shall defend, indemnify, save and hold Buyer, its parent company, affiliated companies, directors, officers, agents and employees, free and harmless from and against all claims, demands, causes of action, damages and liabilities of any nature, and all costs and expenses incurred in connection therewith (including, but not limited to, attorneys' fees) for (i) death or injury to any person or persons (including, but not limited to, agents and employees of Seller and its Suppliers and damages characterized as special, direct, consequential, loss of consortium, or future earnings); (ii) damage or loss of any property (including, but not limited to, loss of use, lost profits, or diminution in value) arising directly or indirectly out of or in connection with Seller's performance of the Contract, (iii) claims by Seller, Seller's employees or its Suppliers and their employees for wages, benefits and other compensation; and by claims by governmental agencies or others for taxes or contributions allegedly due by reason of Seller or its Suppliers performing the Contract Work; (iv) acts or omissions under the Contract; and (v) infringement of any third party intellectual property rights, in all including, without limitation, claims, demands, actions, damages and liabilities based in whole or in part on the negligence or other theory of liability of Seller or its Suppliers, and excluding only claims and liabilities based on Buyer's sole negligence or willful misconduct. Buyer has the sole right to designate the attorney or law firm that will defend and represent it in regard to any suit, claim, or action that is subject to an indemnity provision in the Contract. This provision survives termination of the Contract and is not subject to the Limitation on Liability Clause. Buyer may assign its right to be indemnified hereunder.

16. Independent Contractor

Seller is an independent contractor. Seller shall have complete control over the performance of the Contract Work herein and may, at its own expense, employ such workers as Seller deems necessary to perform the Contract Work. Seller ensures that (i) its Suppliers perform to standards no less than those specified in the Contract and Specifications; (ii) NASSCO representatives have reasonable access to any Supplier site and they will be afforded such opportunity to inspect all Supplier work to the same extent as if Seller was doing the work; and (iii) its Suppliers shall warrant their work to the same level and time period consistent with the warranty in the Contract. Seller assumes full and sole responsibility for the payment of all compensation and expenses, benefits, and for all state and federal income tax, unemployment insurance, social security, disability insurance, and other applicable withholdings. Seller shall defend, indemnify and hold Buyer harmless from Seller's non-compliance with the Affordable Care Act, if the Act applies to Seller. Seller shall be solely responsible for any failure by Seller to (i) provide accurate, proper, or timely payment of wages (as that term is defined in California Labor Code Section 200) to any worker(s) it provides to Buyer, or (ii) secure valid workers' compensation coverage for any workers it provides to Buyer. Seller shall defend, indemnify and hold NASSCO harmless for all loss, costs, expenses (including actual attorneys' fees), penalties and interest, as a result of its failure to do so. This indemnification shall extend to claims occurring after the applicable Purchase Order is terminated as well as while it is in force.

17. Inspection and Acceptance

The Contract Work, including any documents, materials, equipment, and facilities, shall at all times be available for inspection and testing by Buyer. Buyer's inspection or failure to inspect shall not relieve Seller of any obligations or liability under the Contract, nor shall it constitute acceptance of the Contract Work. Seller shall repair, re-perform or replace any nonconforming Contract Work at Seller's expense within 10 days of Buyer's written notice of nonconformance. If Seller has not repaired, re-performed or replaced such nonconforming Contract Work within the 10-day period, Buyer may repair, re-perform or replace such nonconforming Contract Work at Seller's expense. The Contract Work shall be accepted when Buyer determines that it conforms to the Contract, and such acceptance shall be conclusive of conformance except for latent defects, fraud or gross negligence.

18. Insurance

(a) Unless otherwise stated in the Contract, and without prejudice to Buyer's rights and Seller's indemnity obligations in the Contract, Seller shall keep and maintain in effect at its sole cost and expense the following policies of insurance:

(1) Commercial General Liability insurance with coverage to include broad form property damage, personal injury, premises, completed operations, and products and contractual liability for Seller's liability assumed under the Contract including that of its independent contractors; and with a minimum bodily injury and property damage combined single limit of \$2,000,000 per occurrence and \$2,000,000 in the aggregate.

- (4) If Seller's employees, subcontractors or suppliers are assigned aboard a Vessel for any reason, Seller shall maintain Maritime Employers Liability (Jones Act) coverage with minimum limits of \$2,000,000 per occurrence and \$2,000,000 in the aggregate.
- (b) Each such policy shall be underwritten by an insurance company with minimum A.M. The policies referred to above in subparagraphs (a)(1) and (a)(2)(a) shall be endorsed to name NASSCO as an "additional insured". The policies referred to above in subparagraphs (a)(2)(b), (a)(2)(c) and (a)(4) shall contain a waiver of subrogation in favor of Buyer.
- (c) Certificates evidencing Seller's compliance with these insurance requirements shall be delivered to Buyer upon issuance of the Contract and renewals thereof sent to Buyer upon expiration of the respective policy terms. Seller, its insurance broker or insurer shall be obligated to immediately notify Buyer in writing of any cancellation of required coverage or any material change therein.

19. Invoices

- (a) Seller shall submit invoices as follows: (i) Contract Work must be detailed for each date/item worked, and price for Contract Work; (ii) Seller's invoice number and the Purchase Order number, and line item number, must be included; and (iii) if the invoice reflects any progress or milestone payments, the invoice must comply with the Buyer's "Special Provisions for Progress Payments" or "Provisions for Milestone Payments." The invoice shall contain itemized prices, discounts, order number, transportation description and name of carrier. The invoice shall separately list all U.S., state and local taxes, duties, tariffs and similar fees imposed by any government that have been paid by Seller. Invoices incorrectly or incompletely executed will be returned for correction or completion.
- (b) The cash discount period, notwithstanding anything to the contrary on any packing list or invoice, will commence on the date Buyer receives the Contract Work in conformance with the packing list and a complete and correct invoice.
- (c) Invoices must be submitted no earlier than the day of shipment. To be timely, all invoices must be received within 90 days after completion of the Contract Work. Invoices received later than 90 days after completion of the Contract Work are rejected and void and Seller hereby waives the right to payment of these invoices.

20. Liens with Right of Offset

- (a) At the time Seller requests any payment under the Contract, Buyer may require Seller to furnish evidence reasonably satisfactory to Buyer that no Liens of any kind have been acquired or may reasonably be expected to be acquired against the Vessel, Contract Work or Furnished Property. To the extent that the Contract is subject to a payment schedule, Buyer may from time to time issue Seller progress payments and receive simultaneously with the same a waiver and/or release of any Lien rights and/or applications for certification of progress payments and/or funds received to a particular date-certain. The standard progress payment releases and waivers are in conformance with California's Civil Code Section 3262, to the extent applicable to the type of work being performed, and samples can be found at www.nassco.com, under the heading "Supplier Information and Transportation Guide" and the sub-heading "Supplier Releases." At the conclusion of the Contract, Buyer will not release final payment without a fully executed "Unconditional Waiver and Release upon Final Payment" from Seller and a release of all Liens from any of its Suppliers. Seller's waiver and release will be in substantially the same form as required by California Civil Code Section 3262."
- (b) Seller is required to promptly notify Buyer if a Lien of any kind is perfected against, or if there is any attachment upon, the Contract Work or Vessel. If such Lien does not arise out of acts or omissions of Buyer, Seller shall, not later than 20 days thereafter, secure the discharge or release of such Lien provided, however, that Seller may contest such Lien or the claim upon which it is based, and shall within the time herein provided secure the discharge or release of such Lien by court order, and if required, shall file such bond or security as the court may require.
- (c) If release or discharge is not available under the law, Seller shall immediately take such steps as shall prevent such claimed Lien from delaying the Contract Work and shall indemnify and save harmless Buyer from all costs, charges and damages by reason of such claimed Lien or claims or in any way attributable thereto.

(a) Buyer may terminate the Contract for convenience or default at any time with 10 days prior written notice. In the event of a termination for convenience, Buyer shall pay Seller for Contract Work properly performed up to the date of termination.

(b) Buyer may terminate the Contract for default if Seller: fails to assure timely performance; fails to perform on time; ceases performance prior to completion of the Contract; evidences insolvency or financial inability to perform; or fails to cure the material breach of any other provision of the Contract within 10 days of notice of such breach. Buyer may also request written adequate assurances from Seller if in Buyer's opinion Seller is falling behind in its performance or is likely to breach the Contract. Failure to provide written adequate assurances shall constitute a material breach of the Contract.

(c) In the event Buyer terminates the Contract in whole or in part, Buyer may procure, upon such terms and in such manner as Buyer may reasonably determine, services similar to the Contract Work and/or products similar to the Contract Works specified herein, and Seller shall be liable to Buyer for any excess costs for such similar services and/or products. Time is of the essence. If requested by Buyer, Seller shall submit to Buyer, in a format acceptable to Buyer, a detailed schedule for performance of the Contract. Buyer may require Seller, at Seller's expense, to increase its forces or shifts or to use overtime, to use expedited shipping means, or to take such other measures as may be necessary to meet or recover schedule for schedule slippages not attributable to a Force Majeure. If at any time it reasonably appears to Buyer that Seller is failing to make progress, such that performance may not be completed in accordance with the Contract, and the delay is not attributable to causes beyond the control of Seller, then Seller shall, within a reasonable period of time, which in no event shall be less than 3 business days of a written request by Buyer, provide adequate assurances to Buyer that it will not breach the Contract and assure timely performance and represent to Buyer in writing its best completion date. If the represented completion date is not within the original time for completion of performance of the Contract, Buyer may immediately terminate the Contract for default in accordance with the Default Clause, provided however that such default shall be without opportunity to cure. Buyer shall further have the right, but not the duty, and without waiver of any other rights and remedies which it may have, and regardless of Seller's best completion date to extend the time for completion of performance.

39. Title and Risk of Loss

Title to the Contract Work shall pass to Buyer upon delivery of the Contract Work in accordance with the Contract unless stated otherwise in the Purchase Order or Specifications. Title will revert back to the Seller when Buyer revokes acceptance, rejects or refused to receive Contract Work for any reason. Risk of Loss shall be as determined by the shipping terms set forth on the face of the Purchase Order unless otherwise agreed in writing by the parties; and Seller shall be responsible for Risk of Loss to the designated delivery point until acceptance occurs unless the loss, destruction or damage results from Buyer's gross negligence. Seller shall remain solely liable for Risk of Loss, after Buyer's rejection, unless such loss, destruction or damage results from Buyer's gross negligence.

40. Waiver

A party's failure to insist on strict performance of any Contract provision shall not be construed as a waiver, and shall not affect that party's right to exercise any right or remedy.

41. Warranty

(a) Seller expressly warrants for a period of 1 year from acceptance by Buyer that all Contract Work shall conform to the Contract and be performed in a proper and workmanlike manner, and that all Contract Works shall conform to the Contract and be free from defects in design, material, workmanship and fabrication. If any nonconformities or defects are discovered in the Contract Work or the Contract Works, which are not caused by Buyer, Seller shall repair, replace or re-perform any nonconforming or defective Contract Work or Contract Works at Seller's sole expense within 10 days of Buyer's written notice. If Seller has not repaired, replaced or re-performed such nonconforming or defective Contract Work or Contract Works within the 10-day period, Buyer may repair, replace or re-perform such nonconforming or defective Contract Work or Contract Works at Seller's expense.

(b) Seller hereby assigns to Buyer all warranties provided by the manufacturers of all Contract Works and their components.

Lessee shall not be responsible for payment of the Contract Price for any period during which the rental property is out of service owing to its failure to operate

properly or fails to render safe, efficient, economical and continuous service, unless such failure is directly caused by Lessee's negligence or intentional misconduct in the use or operation of the rental property.

(d) Lessor expressly warrants that it has good title to the rental property and the right to enter into the Contract. Lessee shall not be required under any circumstances to surrender the rental property or pay any portion of the Contract Price to any person or entity other than Lessor pursuant to any lien, levy, attachment, writ or execution, court order, judicial sale, or any other legal process.

In addition, such program shall include appropriate administrative, technical, physical, organizational, and operational safeguards and other security measures to maintain the security and confidentiality of Personal Information and to protect it from known or reasonably anticipated threats or hazards to its security and integrity. The level of security and protection provided shall be commensurate with the nature of the Personal Information to be protected.

(g) **Storage of SPI.** Storage of SPI must be handled in a manner consistent with the access principles in Section (d) above. Records containing SPI in paper format or microfiche must be stored and secured appropriately in areas to which access is restricted to appropriate

(h) **Transmission of SPI.** An electronic record that contains SPI cannot be transmitted electronically outside a secure network environment satisfying the requirements of Section (f) other than by a secure network connection or by communications protected by appropriate encryption technology that is not less than 128 bits in length. Likewise, Seller shall not require any individual to transmit SPI over the internet unless the connection is secure or the SPI is protected by encryption technology meeting this standard. Seller shall not print SPI on any mailed material unless required by law and will not make SPI visible through any envelope window unless required by law. Notwithstanding the provisions of this Section (h), when strictly necessary to perform the contracted services and permitted by applicable Privacy Laws, social security numbers and similar government-issued identification numbers may be included in applications and forms sent by mail, including documents sent as part of an application or enrollment process, or to establish, amend or terminate an account, contract or policy, or to confirm the accuracy of the Social Security or other identification number. SPI may be transmitted to and from Seller by facsimile, provided that Seller has taken reasonable precautions to avoid erroneous transmission or receipt.

(i) **Subpoenas and Legal Proceedings.** Subject to applicable law, Seller shall notify Buyer immediately in writing of any subpoena or other judicial or administrative order by a court, tribunal, litigant, or government authority seeking access to or disclosure of Personal Information covered by this Rider. Subject to applicable law, Buyer shall have the right to defend subpoena enforcement proceedings or motions to compel in lieu of and on behalf of Seller, which shall provide reasonable cooperation to Buyer in connection with such defense.

(j) **Compliance with Privacy Laws.** To the extent they are applicable, Seller shall comply with (i) all applicable federal, state, provincial, country, and local laws, rules, regulations, directives and governmental requirements relating in any way to the privacy, confidentiality, or security of Personal Information including, without limitation, security breach notification laws (such as Cal. Seller must supply certifications of compliance with these applicable data security laws and regulations.

(k) **Information Security Incidents.** Seller shall immediately notify Buyer of any actual or suspected theft, loss, unauthorized use, disclosure or acquisition of, or access to, any SPI (hereinafter "Information Security Incident") of which Seller becomes aware. Such notice shall summarize in reasonable detail the effect of the Information Security Incident on the SPI and the corrective action taken or to be taken by Seller. Seller shall promptly take all appropriate corrective actions and shall cooperate with Buyer in all reasonable and lawful efforts to mitigate or rectify such Information Security Incident.

(l) **Inspection and Audit.** Buyer shall have the right to monitor Seller's compliance with the terms of this provision by inspecting Seller's facilities, equipment, and records, provided that any inspection will not unreasonably interfere with the normal conduct of Seller's business. Buyer's rights shall include the right to conduct periodic audits of the procedures and safeguards used by Seller to protect Personal Information, provided that Seller and Buyer may agree to an alternative documentation process in lieu of an audit. Seller shall cooperate with such requests by Buyer.

(m) **Destruction and Return of Personal Information.** Upon the completion of Seller's services for Buyer (or such earlier time as Buyer requests), Seller shall return to Buyer, or at Buyer's request, securely destroy or render unreadable, each and every original and copy in every media of all Personal Information in Seller's possession, custody or control. In addition, Seller shall provide to Buyer a written certification by an Officer of Seller confirming that such return or destruction occurred.
